

Serve You Prescription Drug Formulary

MAY 2012

This condensed formulary is designed to serve as a reference guide and assist in the selection of cost-effective pharmaceutical products.

This is not a complete list of drugs on the formulary and listing is not a guarantee of coverage. Formulary listings are subject to change. Drug designation by category is for reference only and not clinical comparison. This formulary is not intended to be a substitute for the clinical knowledge and judgment of the medical practitioner in their choice of drug therapy. In all cases, the prescriber is expected to select appropriate drug therapy for the individual patient and provide high quality healthcare.

The drugs contained on the Serve You Formulary include generic drugs as well as preferred brand drugs for use when a generic alternative is not available or appropriate. **On the formulary listing, generic drugs begin with a lowercase letter. Preferred brand drugs begin with an uppercase letter.** Selected drugs may be subject to quantity limitations, step therapy, or prior authorization requirements depending on plan benefit design.
